OLD ARMY TREATMENT

It may come as something of a surprise to learn that a man in the U. S. Army is three times as safe as the average civilian. Even at the height of the shooting war, a man's chances of staying whole were just as good in the services as they were back in Hometown, U. S. A.

But the Army, not satisfied to stand on its record, is seeing what can be done to reduce its accident toll still further. The First Army, with headquarters in New York, is going away at a safety program hammer and tongs. For the first six months of this year, the unit has experienced roughly only a third of the accidents recorded for the comparable period of 1947.

There is no secret involved in this good record. Nor does the Army stay in bed all day as someone has been so crude to suggest. The weapon employed is safety education, hammered home so constantly and thoroughly that the daily practice of safety becomes an automatic reflex.

This simple formula can well be applied individually.

THIS CANNOT LAST

It has been said often, but should be frequently repeated, that the only method by which a country can gain in wealth is by increasing its production. In a nation of declining production one class may be favored with increased income by arbitrary action, but the remainder of the population will grow poorer.

It is, therefore, a matter of concern that America, with its increasing world burdens and commitments, is declining in production. Before the war the average net gain in productivity was estimated at 3.5 per cent. That gain has been eliminated, and production in many industries is showing declines.

The farmer is producing record crops because he is using labor-saving machinery to the utmost, but industrial strife and slow-downs are resulting in the production of less goods, while wages continually advance.

This is a situation which obviously cannot last. America needs the highest possible production so that wages may remain high and taxes will yield enough revenue to finance this nation's tremendous commitments. Full employment of American ingenuity and a harmonious working-together will be required to accomplish this.

Before Truman Prices

Continued from Page One

The movies in the neighborhood houses that fall included such as these: Marion Davies in "Cardboard Lover," Joan Crawford in "Our Dancing Daughter," Pola Negri in "Women on Trial," Janet Gaynor in "Sunset," Greta Garbo in "The Mysterious Lady," Lon Chaney in "While the City Sleeps."

And what about prices? Had the Republicans taken advantage of their possession of White House and Congress to skyrocket the cost of everything—as Mr. Truman is trying to say will happen if you don't elect him again?

Judge for yourselves.

At that time, you could buy a new car for \$600 or so (complete price) up to as much as you wanted to pay—and drive the car out immediately; no year to a year and a half of waiting.

You could buy a second-hand car that would run for \$50 or so—and a good one for \$250 up.

Six room houses, with modern conveniences, could be rented for \$20 a month up—and you could take your pick of many available ones, so as to suit your taste in style, neighborhood, etc.

Clothing was inexpensive. You could buy a topcoat for \$10.90 up to whatever you cared to pay. You could get a man's suit (two pairs of pants) for as low as \$11.95.

As to food, them was the good old days! Look at these prices!

Sirloin steak, 50 cents a pound; ham, 28 cents; shoulders of lamb, 35 cents; fresh pork (hams), 28 cents; lard, 15 cents; pork shoulder, 20 cents.

So much for meats. Those were the prices—and you could take your pick. The meat counters were full.

Here are some more prices culled from the weekly advertisements of the grocery stores:

Sugar, 5 pounds, 29 cents; flour, 12 pounds, 49 cents; soap, large cakes, four for 17 cents; tomatoes, three cans, 25 cents; prunes, 2 pounds, 25 cents; strawberry preserves, "big jar," 14½ cents; bread, 8 cents a loaf; brooms, 49 cents; eggs, 43 cents.

Does all this need a moral? Here it is.

If you want low prices again—VOTE STRAIGHT REPUBLICAN!

When you go to the polls next Tuesday (and be sure to go!) simply put a cross after the word Republican where it appears on the ballot in the first column.

Mark your ballot thus:

Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

DON'T WASTE space in your closets. It's so easy and so inexpensive to equip either doors or walls with miraculous "Back-O-Door" hangers. These hangers are chiseled wires bent in scallops, small for shoes, large for hats. They serve in either men's or women's closets and, of course, in children's. They can be firmly fastened with large tacks or staples. Each hanger will take three pairs of shoes or two hats. A door will take several hangers from top to bottom. Priced at \$1.59 for a set of three, I wouldn't be without 'em! Find them in the Notions Dept. of Snellenburgs. (1st fl.)

A NICE VALUE in men's sweaters is to be had in the Men's Furnishings Dept. of Snellenburgs. There's a \$2.95 100% wool, long-sleeved, wearing coat sweater that has reinforced elbows and buttonholes. It also has two pockets. It can be worn alone or under another jacket for added warmth. Your men will like it, as it is ideal for sports, work or even around the house. You can purchase it in navy, brown, oxford gray, blue heather or green heather. Sizes 38 to 46. Nice for Christmas gifting. (1st fl.)

A MAN OF LUXE! that's exactly what it will be at your house if Santa brings a television set! Snellenburgs is now demonstrating the remarkable "Philco" table model that has simple, easy automatic tuning. This tuning brings in picture and sound together, perfectly synchronized, even when switching channels. You'll enjoy the large 52-square inch screen. The price is amazingly reasonable. Moreover, the set is accompanied by a custom-designed matching console that insures correct eye level, all for \$449.50 plus \$1.75 Federal tax, plus installation charge. (5th fl.)

and X-rays search out the disease, especially in food handlers and hospital personnel. They found the incidence of tuberculosis in hospital workers two times as high as those in industrial groups in Delaware county.

Now, he added, progress is also being made to X-ray patients in hospitals at admission, but so far it is confined to those who approve the small additional charge.

The Delaware Valley Festival, a concert, featuring ancient stringed instruments, was given Saturday evening at the Bucks County Playhouse, by the Delaware Valley section of the American Society of the Ancient Instruments. This group is headed by Mrs. Edward M. Paxson, of Lumberville. Mrs. Charles D. M. Smoot is vice president. Mrs. Sloan Bredin, treasurer, and Mrs. Edward H. Landis, secretary.

Backed by the DuPonts of Wilmington, the original group was formed by the late Ben Stad and his wife Flora, who studied the harpsichord in Paris years ago. Original patrons were Arturo Toscanini, Leopold Stokowski, the late Olga Samoroff Stokowski and Eugene Ormandy.

Report Shows Air Facilities Are Inadequate

HARRISBURG, Oct. 28 (INS)—

Routes and facilities of air transport service in Pennsylvania were labeled "inadequate" today to meet the state's increasing aviation needs.

State Aeronautics Commission Director William L. Anderson announced that an independent survey of Pennsylvania's aviation requirements indicates that "wide gaps" exist in the state's air pattern.

The report, prepared by Charles A. Rheinstrom following a four-month study, emphasized that "the state has been economically penalized in many areas by circuitous surface transportation as a result of intervening rivers and mountain ranges."

With air routes free of these natural barriers, transportation can be completely direct, it added.

The Rheinstrom report also emphasized that despite new air routes recently authorized for Pennsylvania by the Civil Aeronautics Board, further expansion of air service is necessary.

The report was requested by the Commission to aid in its development program for aviation in the state. The Commission is required to establish and chart civil airways, encourage development of airports and air navigation facilities and determine the adequacy of airports and aviation facilities.

"We have long been aware of a lack of adequate airline service in Pennsylvania," Anderson explained, "but we have needed the impartial opinion of outside experts to determine the deficiencies in our present air service pattern and to define the places without air service having the greatest need for it today."

The Rheinstrom report, he added, will aid the state in planning its airport program and federal authorities in allotting new interstate air routes and air service for Pennsylvania communities. It includes detailed charts showing the best methods by which Pennsylvania cities can be linked by trunk-line and local air routes with each other and with major cities out of the state.

The report noted inadequacies in existing airports at some Pennsylvania cities and contained an outline of requirements for improvements. Details of the report were not made public pending a study.

Carpenter Held On Charge of Larceny

Continued from Page One

Danboro, on Oct. 22, and was held for court on a charge of receiving stolen goods, and was released under \$1,000 bail.

This week Trooper Mitchell, Chief Munro, Chief of Police Clarence Hepp, of Upper Southampton township; Sgt. Dudgeon, of the Hathboro police, and County Detective William L. Stackhouse, following a further investigation in the case, went to the Anderson house again.

Trooper Mitchell said that a "For Sale" sign was on the property.

The police had a search warrant issued by Justice Gross, and they went to the property of Anderson's father and made a complete search of the barn.

Trooper Mitchell said that they found 20 bundles of shingles in the barn of the same type that were on the roof of the new house. Police allege that the shingles in question were stolen by some one from Clayton Contractor, Ivyland, from a new house the owner was building in Upper Southampton township, last July, at which time 48 bundles of shingles valued at \$150, were stolen.

On some of the shingles found at the Anderson place, police say, they found Clayton's telephone number on some of the packages, together with other pencil markings allegedly made by Clayton. In the same barn the police found four complete aluminum window sashes valued at \$100, which police said were stolen on Aug. 27, from the Hathboro Farms, Hathboro, where a house was being constructed.

Other articles confiscated by police for a further checkup include three asbestos shingle cutters; a complete porcelain sink and tub combination; various pieces of chrome fittings; lavatory outfit, tools, drills and various other supplies. The new house will be completely rechecked.

Trooper Mitchell said that Anderson was again taken into custody when they learned that he was also remodeling a house in Titusville, N. J., and an investigation has been ordered there.

"The only excuse that Anderson gives," Trooper Mitchell said, "is that he would drive around at night in his truck, get himself drunk, and then when he got up the next morning, he would notice the material on his truck. He would not remember anything that happened while driving around at night, he told us, or where he got the things from. Anderson told us 'It is obvious that

SOUP STRATEGY

How to save the soup course

from a bad case of doldrums is a

secret lots of homemakers would

like to have at their finger-tips.

Here's one clever trick, using

canned peas in a rescue role. It's

called most intriguingly Gypsy

Soup, because of its carefree color.

Use a regular ten and a half

ounce can of condensed mushroom

soup as your base, and add a cup

of milk as usual. Then comes the

gypsy touch! To your soup mixture,

add half a cup of canned peas,

a third of a cup of cooked or

canned whole kernel corn, and a

tablespoon of diced pimiento. Heat

thoroughly, stirring frequently,

and you'll have a colorful, hearty,

delicious soup that's sure to be-

come a family favorite!

Today's Quiet Moment

By the Rev. Herbert Leasing, Jr., Rector
Church of the Redeemer
(Episcopal), Andalusia

(Psalm 37:28 "The Lord forsaketh not his saints.")

Today is Saint Simon and Saint Jude's Day in the calendar of the liturgical churches. It makes us wonder about the way of living that makes saints, and it makes us wonder why so few "saints" appear in the world today. Can it be that there are few people left who are willing to dedicate all their being to God? Are self-sacrifice and denial, generosity and virtuous living to strenuous for modern man? Or is it that the threat of bombs and biological warfare has quenched man's courage to such a degree that he is willing to vegetate, rather than to meet the problems of life with fortitude? No, modern man may be depraved, but he is still able to fight. He fights disease, he fights broken homes, he fights slums, he fights dishonesty. . . and he can still achieve sainthood. Remember, the "saints" were ordinary people who kept on trying.

Lodge on Monday evening. Plans were made for a meeting on Nov. 17, which will be held in Odd Fellows Hall, when the degree team will entertain members of Lily Lodge and friends. Following a social time, refreshments were served.

ST. ANN'S READY TO MEET PALMYRA IN GAME TONIGHT

St. Ann's A. A. will go after its fifth straight victory tonight when it meets the Palmyra Red Devils at the Palmyra High School stadium. Opening kickoff will take place at 8:30 o'clock.

The Hinkel-coached team has triumphed over Rockne, Upland, Lamont, and Blair A. C. and has gone a long way since its opening game defeat at the hands of the Norristown Red Roses.

Palmyra is undefeated this season and boasts of one of the strongest semi-pro teams in this section. Most of the Palmyra players are from South Jersey with several boys from Atlantic City being in the squad.

Coach "Jack" Hinkel has his squad intact for the game and will start the following: Ends, H. Keys and Lelinski; tackles, Sozio and Mount; guards, Froty and Sak; center, Rue; backs, Stradling, Marion, McAllister, and Myernich.

This will be the first away game for St. Ann's who will return home on Sunday to play the Penns Grove Vets. This game will be a trial game on Memorial Park field and if successful the St. Ann's management will book other games to be played in Bristol on Sundays.

The "Saints" also have games lined up for Roebing, Bridgeton and Nesquehoning.

The assignment is expected to be for three years. Guests for a week of Mr. and Mrs. Barclay was the latter's brother-in-law and sister, Mr. and Mrs. Joseph Guilgon, Chattanooga, Tenn.

CORNWELL'S HEIGHTS

ner guests of Mr. and Mrs. Harry McDonnell, Philadelphia. Pvt. Curtiss has returned to his home for 16 days from Ft. Riley, Kansas, where he recently completed his basic training. He will report at Ft. Kilmer, N. J., prior to sailing to a new post in Germany.

ELECTRIC SHOCK

EAST LANSING, MICH. — (INS) — Farmers are being warned that a poor electric fence may mean someone's life. Michigan State College farm safety specialists urge farmers not to gamble with home-made fence controllers. A very small shock—even that equal to the current used by a seven watt bulb—can be fatal.

HOW TO VOTE AGAINST COMMUNISM: Vote Straight **REPUBLICAN!**

There's the big issue of this year! Next Tuesday is the day when YOU, and all the other men and women of America, will STAND UP AND BE COUNTED!

Which side are YOU on? YOU'RE FOR AMERICA, OF COURSE! AND YOU ARE AGAINST COMMUNISM! THEN DO SOMETHING ABOUT IT!

A COUNTRY WORTH FIGHTING FOR IS WORTH VOTING FOR! GIVE UNCLE SAM AND THE STARS AND STRIPES YOUR SUPPORT ON NOVEMBER 2.

LOOK AT THE FACTS!

Communism has grown faster, spread farther and dug deeper in THREE YEARS OF TRUMAN than ever before!

COMMUNISM FEEDS ON CONFUSION! AND MR. TRUMAN IS CONFUSED!

The Truman Administration has HELPED COMMUNISM, not by intention, but by BLUNDERS!

You know the record. Our foreign policy has been written by "hunches," appeasement and mistakes. Now we are drifting towards a THIRD WORLD WAR!

AMERICA'S FIGHTING MEN WON THE WAR—TRUMAN LOST THE PEACE!

Truman signed the Potsdam Agreement! It was a BLUNDER!

Truman promised to help occupy Berlin—but he didn't arrange any way to get in or out of Berlin, across Russian-occupied Germany! NOW WE'RE PAYING THE PRICE!

The Potsdam Agreement gave Russia the right to raid all of the resources, mills and machinery of mid-Europe. That left a "vacuum" which has paralyzed the continent and gave Communism its big chance to spread to the Atlantic Ocean. AGAIN, WE'RE PAYING THE PRICE!

THEN THERE WAS THE VINSON BLUNDER! Truman was desperate! His campaign for re-election was bogging down. He felt he "had to do something dramatic!" So he tried to send Justice Vinson direct to Stalin! This would have wrecked bi-partisanship in America. It would have forced Secretary Marshall to resign. It would have broken up the British-French-American alliance against Russia. It would have destroyed the United Nations! All to let Mr. Truman pull a grandstand stunt for campaign purposes! WHAT THE PRICE OF THIS BLUNDER IS, NO ONE KNOWS YET—BUT WE'LL HAVE TO PAY IT!

STOP THESE BLUNDERS!

The Republican Party can bring UNITY, DIRECTION AND COMMON SENSE TO OUR NATIONAL GOVERNMENT.

Already the Republican Party has delivered the heaviest blows yet struck at Communism.

In the Taft-Hartley Law is a clause, put there by Republicans, that has BROKEN COMMUNIST CONTROL OF SOME OF THE BIGGEST UNIONS IN AMERICA!

The Congressional probe of Communism in this country has awakened the American people to the fact that Communists are on the Federal payroll, working against our government from the inside — and being paid fat salaries by the American people themselves!

The United Front against Communism in Western Europe is all based on the Republican concept of bi-partisanship in Washington.

The Republican Party is against COMMUNISM! It knows how to fight COMMUNISM!
When elected, IT WILL FIGHT COMMUNISM!

VOTE FOR AMERICANISM! DON'T VOTE FOR COMMUNISM!

Vote for the whole Republican team. Vote for the entire Dewey-Warren ticket!

VOTE STRAIGHT REPUBLICAN!

MARK YOUR BALLOT THUS:

SOTTER'S PAINTING
VOTED SHOW'S BEST
Bucks County Artist Also
Won Such Acclaim At
Last Year's Show
AT PHILLIPS MILL

NEW HOPE, Oct. 28 — "Hill Road
Winter" by well-known painter
George W. Sotter, has been voted
best this month at the Phillips Mill
exhibit.

Sotter's entry in 1947 at the Phil-
lips Mill exhibit also received the
largest number of votes and later
won similar acclaim at the Wood-
mere exhibition in Philadelphia.

The two paintings show that the
Bucks County artist is working at
his life-long ambition to paint
Bucks County's old stone houses
and mills in the moonlight.

Sotter has gained a national reputa-
tion for his stained glass window
designing. Examples of his glass
work are found in many cities
across the nation. He says he is
through with the window designs,
however. At one time he kept 12
men busy at his studio in Holling-
cutting and leading glass. The
workshop is idle and a Pittsburgh
firm is removing the stock of colored
glass he has assembled from all
parts of Europe and the United
States. "Too much red tape with
unions and Washington," declared
Sotter in an eight-word explanation
of his retirement from glass de-
signing.

Besides I've made enough win-
dows," he added leafing through
scores of pictures of the large in-
tricate designs. "I came here 30
years ago to paint these Bucks
County houses and now with the
years I have left, that's what I'm
going to do."

His own home off the beaten path
near Holling on Route 292 is a
beautiful example of the old Bucks
County houses he likes to paint.
Since they purchased "Walnut
Cove Farm" in 1919, the Sotters
have added a swimming pool and
converted the end of the old barn
into an artist's dream studio two
stories high.

Sotter's ambition to paint Bucks
County dates back to 1902 when
he spent a summer studying under
the celebrated Edward W. Redfield.
He lived and cycled and studied out-
door painting with the Center
Bridge artist, and learned to paint
nature as he saw it.

"There could be no cooked-up
studio stuff with Redfield," says
Sotter, who claims he is the only
male student of the pioneer Dela-
ware Valley artist. Also an ad-
vocate of that rugged school of
thought, Sotter recalls the days
when he could stand in the snow
and paint in five-hour stretches.
"In those days we carried paper to
burn and warm the tubes of paint."
When he was just a boy, Sotter
began painting the steel mills
around Pittsburgh at night. He
thinks this started his interest in
the effect of light on things in the
evening and in moonlight.

The paintings the public admires
so much today are the result of
long years of study under Pitts-
burgh artists and at the Pennsyl-
vania Academy of Fine Arts. He
also is a student of Henry G. Keller
of Cleveland, O., and William M.
Chase.

His first exhibited painting was
made when he was a student under
Redfield. It was shown at the Penn-
sylvania Academy exhibition of
1905. After that his work was
shown regularly there and at the
Carnegie Institute, the Corcoran,
the Chicago Art Institute, New York
Hartford, St. Louis and San Fran-
cisco. One painting was invited to
the International at Venice, Italy.

There have been one-man shows
at Carnegie Institute and the mu-
seums of Toledo, Rochester and
Reading. He is represented by
paintings at Reading, State College,
the Fellowship P. A. F. A. and
Woodmere Gallery. Honors received
include Silver Medal, San Fran-
cisco Exposition; first prize and
Art Society Prize, Associated Art-
ists of Pittsburgh; two honorable
mentions and the Flagg Prize at
the Connecticut Academy of Fine
Arts, Hartford.

Between 1910 and 1919 Sotter
taught at Carnegie Institute. In
1907 he married Miss Alice E. M.
Bennett who has assisted him in his
stained glass designing and who
accompanied him on two of his
three trips to Europe. He usually
summers in New England and de-
votes the winters to painting Penn-
sylvania landscapes.

NEWS OF INTEREST TO PA. FARMERS

By Jack Ward

(INS Penna. Farm Editor)
HARRISBURG, Oct. 28.—Preparations for the 33rd Annual State Farm Show have hit full stride throughout Pennsylvania.

The farm show commission has issued a 135-page premium booklet, listing rules, requirements and prizes for 24 competitive departments for the exhibit, scheduled to be held January 19 to 14 at Harrisburg.

Premiums to be offered for the 1949 show will total the highest on record—\$51,559. The total exceeds by \$6,959 the amount of premiums offered in the 1948 show.

In its introduction, the commission's booklet points out that the farm show, founded in 1917, "is operated by and for farmers of the commonwealth."

"It is their own exposition, designed to demonstrate the importance and great diversification of Pennsylvania agriculture."

"Known internationally as the largest indoor farm products exposition in the United States, the Pennsylvania farm show occupies the biggest farm show building in the world under one roof."

"In its unique position as a free, mid-winter, five-day indoor exposition, the farm show presents the cream of Pennsylvania farm crops, livestock and poultry, and the handiwork of farm women and girls."

Thousands of farm product displays, combined with commercial exhibits of farm machinery and

supplies, make the show "a valuable asset to the advancement of all business, industry and commerce of the commonwealth in addition to the economic improvement of its agriculture," according to the commission.

The first Pennsylvania farm show was held in cramped quarters of a Harrisburg implement dealer's building.

In contrast, the 1949 exposition will have 570,000 square feet of floor space for displays, nearly 60 times the space required for the 1917 show.

The first program of its kind in the State, the Pennsylvania Animal

Nutrition Conference was scheduled to open at the Pennsylvania State College School of Agriculture this week.

The program, slated to become an annual event covering all phases of livestock and poultry rations, is designed to benefit directly many smaller manufacturers and mixers of feed in Pennsylvania. Representative of animal husbandry, dairy husbandry, animal nutrition, agricultural and biological chemistry cooperated in preparing the program.

SHEDS DIRT...STAYS WHITE

DU PONT has never offered a finer product for protecting and beautifying the home! Du Pont House Paint protects against rust, rot, and decay... gives lasting beauty and protection. It is "Self-Cleaning"... starts white, stays white, as explained, at right. While this "Self-Cleaning" process starts within a few months on most surfaces, excessive soot or heavy shade... or stains from metal surfaces such as screens... may interfere with or delay this process.

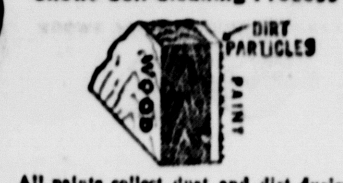

"Self-Cleaning" Du Pont House Paint is also available in a variety of popular tints. It saves repainting bills. Call on a reliable painter for your painting jobs... ask him to use Du Pont House Paint.

NEW! DU PONT HOUSE PAINT PRIMER

Especially formulated first-coater for bare wood and badly weathered painted surfaces. Provides excellent hiding and adhesion. Saves time and material.

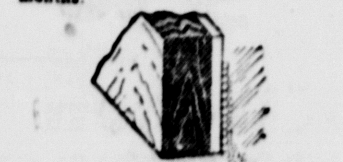

Magnified Cross-Section shows Self-Cleaning Process

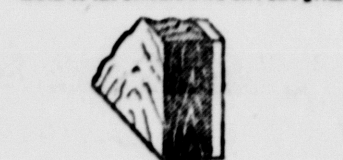

All paints collect dust and dirt during the first few months.

With Du Pont House Paint, a fine white powder forms on the surface after a few months.

Rains wash off this powder—and with it, much of the accumulated dirt and grime.

Self-Cleaning leaves surface clean and white... keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

QUAKERTOWN SCHOOLS SELL ITS DAIRY HERD

Inability To Find Suitable
Quarters Given As
The Reason

16 COWS, 1 BULL SOLD

QUAKERTOWN, Oct. 28.—Inability to find suitable quarters and the recent decision not to build a new barn on the school farm this year, has brought about the sale of 16 cows and one bull from the Quakertown School District Farm. The dairy barn on the high school farm was destroyed by fire over a year ago.

Decision to sell was made some weeks ago by the school directors. Sale of the cattle was handled by Ray Poorbaugh, local agricultural consultant.

Ten Guernsey cows have been sold to Lester and Andrew Kaiser, of Quakertown, R. D. near Spinnertown. Six Holstein cows have been sold to Clarence and Walter Johnson, of Kellers Church, and the Holstein bull was sold to Harry P. Landis, of Richlandtown. No prices were available.

As was mentioned by one school official, the cows are sold on the basis that they prove successful in the next blood test.

**EXPANDED LIGHTING
PLANNED FOR XMAS**

Perkasie Streets Are To Be
Decorated To Greater
Degree This Year

PUBLIC DONATIONS

PERKASIE, Oct. 28 — Street
lighting adopted for the holiday
season two years ago, is to be ex-
panded if Chamber of Commerce
plans reach fruition.

The plan, as adopted two years
ago, provides for an elaborate light-
ing program that eventually will
extend throughout the principal
streets of the borough. The block
between Arch and Market streets
in Seventh was equipped for the
plan two years ago, and it
proved quite popular with local
residents as well as visitors, but
because of the scarcity of the neces-
sary material, the program was not
extended a year ago.

It was reported at the meeting
at there is now available suffi-
cient equipment to extend the de-
corations at least another block. It
is decided to use the available

material in the block on Seventh
street between Market and Chest-
nut.

The installation of new equip-
ment will release the equipment for
use on streets that had not been
lighted in previous years.

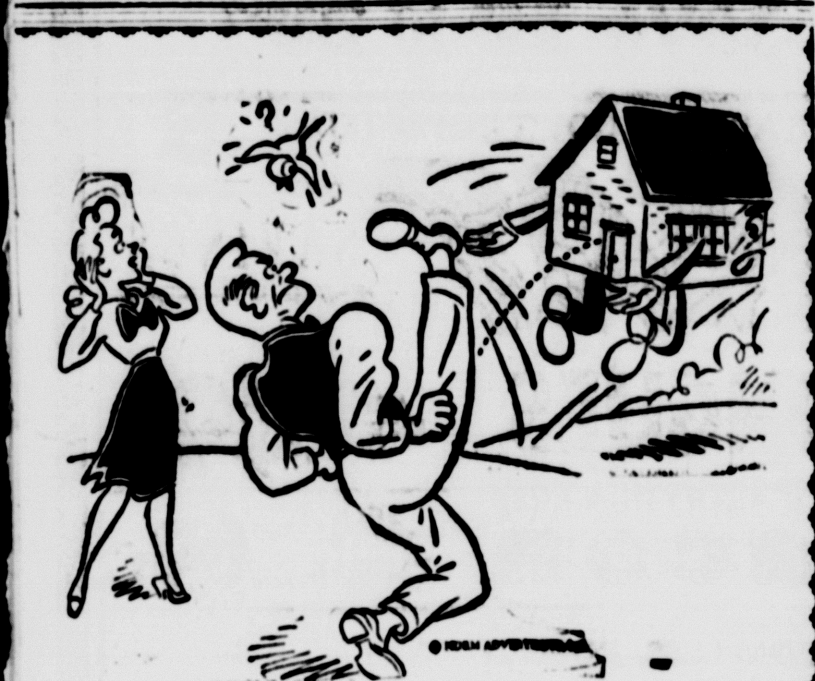

Several years ago the Chamber
of Commerce, through public sub-
scriptions, raised more than \$1200
for holiday lighting. Nearly half of
this sum remains in the special
fund, but the secretary was in-
structed to again receive contribu-
tions from merchants and indus-

Creomulsion relieves promptly be-
cause it goes right to the seat of the
trouble to help loosen and expel
germ laden phlegm, and aid nature
to soothe and heal raw, tender, in-
flamed bronchial mucous mem-
branes. Tell your druggist to sell you
a bottle of Creomulsion with the un-
derstanding you must like the way it
quickly allays the cough or you are
to have your money back.

tries, particularly those who have
located here during the past two
years.

Another matter that received
considerable attention at the meet-
ing was sewer service for the en-
tire borough. At present, little more
than one-third of the borough has
sewer service and members of the
Chamber feel that the time has
come for extending this service to
other sections of the borough.

Although no formal action was
taken, the matter remains on the
calendar and will likely be further
discussed at the next meeting.
